ST-AMBROISE INDIA PALE ALE

McAuslan presents its New World take on the classic IPAs of 19th-century England. In those days, the beer was brewed extra-strong and generously hopped to help it survive the long journey to India. Inspired by that history and today's bold American IPAs, we've married Cascade and Chinook hops with a subtle blend of malts – anyone who appreciates strong ale will love it. Hop bitterness and malt smoothness: it's a journey your taste buds will enjoy time and again.
